

# The Shire Society - Peace Ticket

Your agent, K Hurley,  
has aggressed against me, a member of the Shire Society, as  
evidenced by your COMPLAINT / TICKET / NOTICE  
# 647335 issued on this date: 11/5/11.  
Further detail may be on the back of this Peace Ticket.

It is possible your agent incorrectly presumed that I was a  
part of your state society. Your own society's NH  
Constitution, Part I, Article 1, claims correctly that your  
society requires the consent of its members, as do all  
societies. Consider this notice that this Shire Society  
member does not consent to your society and its statutes,  
acts, and ordinances. Members of the Shire Society are at  
harmony with natural law and will not aggress against  
others. As you are not alleging an act of aggression against  
another human or their property, we have no business. Shire  
Society members are forgiving, peaceful people and we  
offer you these options. Please check your choice and return  
to the address below within 30 days of receipt of this  
Peace Ticket:

**We/I agree to drop our/my original COMPLAINT / TICKET / NOTICE  
and this matter will be settled.**

**Continue to aggress against me, a peaceful human being.** Choosing this  
option means your agency may have to expend extra funds to force me to one  
of your trials and prison cells, as I will not be consenting, pleading, or paying  
any of your fines. If you insist on taking this matter to trial, so be it.  
Additionally, expect your aggressions will be video and audio recorded and  
publicized in various ways, resulting in more people joining the Shire Society.

May you find peace,
