

# The Shire Society - Peace Ticket

Your agent, Brian Reggel #2104, has  
aggressed against me, a member of the Shire Society, as  
evidenced by your COMPLAINT / TICKET / NOTICE  
# 746416 issued on this date:  
3/22/13.  
Further detail may be on the back of this Peace Ticket.

It is possible your agent incorrectly presumed that I was a part of your state society. Your own society's NH Constitution, Part 1, Article 1, claims correctly that your society requires the consent of its members, as do all societies. Consider this notice that this Shire Society member does not consent to your society and its statutes, acts, and ordinances. Members of the Shire Society are at harmony with natural law and will not aggress against others. As you are not alleging an act of aggression against another human or their property, we have no business. Shire Society members are forgiving, peaceful people and we offer you these options. Please check your choice and return to the address below within 30 days of receipt of this Peace Ticket:

## Your Agent's Aggressive Acts:

- Assault
- Coercion
- Disorderly Conduct
- Extortion
- Fraud
- Kidnapping
- Littering
- Robbery
- Stalking / Harassment
- Threatening
- Trespass
- Waylaying
- Other:

**We/I agree to drop our/my original COMPLAINT / TICKET / NOTICE and this matter will be settled.**

**Continue to aggress against me, a peaceful human being.** Choosing this option means your agency may have to expend extra funds to force me to one of your trials and prison cells, as I will not be consenting, pleading, or paying any of your fines. If you insist on taking this matter to trial, so be it. Additionally, expect your aggressions will be video and audio recorded and publicized in various ways, resulting in more people joining the Shire Society.

May you find peace,
