GERSTEIN AFFIDAVIT

On January 16, 2016. Lieut. Brian Spagna took a complaint regarding "sexual harassment". The complainant was identified as KJ. KJ stated approximately two months prior her 14-year-old daughter identified as

S.J.
14-year-old female

SJ attended a breakfast with a friend ID as BD. Also attending this breakfast were BD's grandparents and their friends identified as Jeffrey and Diane Tasker. Accompanying Jeffrey and Diane Tasker was their son identified as

Kyle Tasker
DOB 06/06/1985
30 years of age
67 Smoke St.
Nottingham New Hampshire

K.J. told Lieut. Spagna over the course of the past few months. Kyle Tasker has sent SJ several inappropriate private messages. KJ explained Tasker sent a friend request to SJ by way of Facebook. According to KJ., SJ. accepted the friend request from Kyle Tasker. Facebook has a component identified as Facebook Messaging that allows two parties to communicate privately by way of typed text. During these private Facebook Messaging communications Kyle Tasker asked how old SJ was. SJ advised "14 -years-old". KJ reported Kyle Tasker's response was "girls like you can get me in trouble". KJ said that on another occasion Kyle Tasker told SJ by way of a Facebook Private Message that any time she wanted alcohol or marijuana he'd get it for her. KJ also reported that Kyle Tasker sent SJ a Facebook Private Message proposing a "three-way sexual encounter" with SJ. Lieut. Spagna learned these communications were through Facebook Messenger and that SJ received these Facebook Messages on her cell phone. Lieut. Spagna learned that before disclosing these communications to her mother, SJ deleted the Facebook Messages and un-friended Kyle Tasker.

At the conclusion of Lieut. Spagna and KJ conversation he contacted me by cell phone and briefed me on her complaint. Lieut. Spagna requested I conduct an investigation into this matter I suggested to Lieut. Spagna he recover SJ's cell phone and ascertain any login or password for the phone.

On January 17, 2016. I received a call from Officer Jonathan Sardinha advising the cell phone was secured at the Nottingham Police Department and there were no login or passwords for the phone.

On January 19, 2016. I contacted KJ leaving a message and requesting a call back. KJ return my call and we spoke of the investigation and its confidentiality.

I contacted Facebook and made an online preservation request of both Kyle Tasker's and SJ's Facebook accounts.

COPY

On January 20, 2016 at 4 PM I met with KJ and SJ at the Nottingham Police Department. During this meeting I learned that SJ attended a breakfast with her close friend BD. SJ stated that also attending the breakfast were BD's grandparents. SJ stated that also attending this breakfast was Kyle Tasker. SJ stated there was little conversation between her and Tasker during this breakfast. I asked SJ if she recalled the date of this breakfast. She stated she didn't but could identify the date by referring to a photograph on her phone. She stated during the breakfast Kyle Tasker told her and BD about his dog and that the dog was in his car. She told me all three exited the restaurant and a photograph was taken with Tasker's dog. I handed SJ her cell phone and she retrieve the photograph of the girls with the dog. It was date stamped September 13, 2015. SJ went on to explain that it was a short time after the breakfast that she received a Facebook friend request from Tasker. She accepted the friend request and Tasker began to message her. SJ told me that Tasker asked "How old are you?" she told me she replied "14". His response was "This is how guys my age get into trouble". She said she replied something to the effect of "Oh haha". SJ stated he sent another message stating "Weed is better when you're out of school". I asked SJ what that meant to her. She said it referenced the quality of the weed. SJ told me another message was if she or any of her friends "Ever needed bud, look me up". SJ then stated she was taken back when she received a message stating, "Hey this is a shot in the dark, I have a lady friend who's interested in a threesome. I was wondering if you are interested". SJ stated she did not reply. SJ stated approximately a week later she received a message consisting only of "?". SJ replied "What". She said Tasker replied "About the last message". SJ stated again, there was no response. Tasker later followed up with "I sent you that when I was drunk" SJ stated she did reply "Oh ok".

I learned during my conversation with SJ that she spoke with her friend BD about the inappropriate messaging and then both of them went to BD'S grandfather. BD's grandfather was briefed and he replied, stays away from Kyle and he would speak with Kyle's parents. I asked when this conversation took place. SJ stated three or four weeks ago. SJ made a point of telling me she has about 24 mutual Facebook friends with Kyle Tasker.

I briefed Chief Foss on the investigation. He recalled speaking to Coe Brown Northwood Academy SRO Patricia Potter and she advised Kyle Tasker's name came up regarding drug dealing. I contacted SRO Patricia Potter and she confirmed that some time ago a counselor at Coe Brown Northwood Academy approached her and mentioning Kyle Tasker and dealing drugs.

In 2013 I took a report(13 – 1768 – 0F) where I was advised by a concerned parent of Kyle Tasker's Facebook activity. There was a concerned of Kyle Tasker friending young high school girls on Facebook. The concerned parent thought this was suspicious and not appropriate.

On January 25, 2016. I met with both KJ and SJ at the Nottingham Police Department. We spoke of performing an undercover operation where an authorized and trained police officer would assume SJ identity and online presence. I reviewed the Consent to a Assume Online Presence release form with K.J. and SJ. Both agreed to the undercover operation and signed a release authorizing the Nottingham Police

COPY

Department and any other law enforcement personnel to assume likeness and or profile SJ created on Facebook (see attachment).

On January 26, 2016. I forwarded the signed Consent to Assume Online Presence release form to Detective Chris Gilroy. On this date Detective Gilroy took control of SJ's Facebook account changing the password, locking the victim out of the account from other devices in redacted personal information from the public profile. Detective Gilroy supplied me with a written report outlining his investigation. Detective Gilroy reported that he contacted Mr. Tasker on Facebook by sending a message consisting of "hi". Detective Gilroy reported during idle conversation with Mr. Tasker, his online persona affirmed that she attended school and was not able to drive. Mr. Tasker's profile asked about using the application "Telegram". Telegram is a German application that allows for the end-to-end encryption of messages and secures deletion of messages. It is advertised that nothing is kept on Telegram Servers under these circumstances. Mr. Tasker's profile described it as "a secure chat app I use, you can make the message self-destruct after so long". The Telegram user identified as Kyle Tasker set the self-destruct timer to one hour. Detective Gilroy's online persona responded with the question as to what to describe the application to a parent who might notice it. Kyle Tasker's profile during the phone number 603-724-4716 stated "put my name in as a friend of yours, the content will be gone after an hour... stick it in a folder somewhere". Detective Gilroy reported that he maintained conversations consistent of idle chatter, including politics, and also the display via graphic images of controlled substances such as psilocybin mushrooms and marijuana.

On January 28, 2016. Detective Gilroy's online persona advised Mr. Tasker's profile on Telegram that a guardian had checked the phone and questioned the app, necessitating its deletion. Detective Gilroy's online persona again mentioned to Mr. Tasker that "I am not of age to operate a vehicle or vote". The message that came from Mr. Tasker's profile indicated "send form messenger" suggesting use of a mobile device. Furthermore, photographs, which appeared to depict Mr. Tasker have also been sent along with references to employment as indicating that the person is "At the Statehouse". Mr. Tasker's profile has also said that on February 7, 2016 in the early morning he was having "breakfast with BD's grandparents and his parents". This corroborates the victim's initial report. Mr. Tasker also spoke of illegal controlled substances, including marijuana and mushrooms and of the sale of controlled drugs. Mr. Tasker has also offered to supply the 14-year-old undercover persona with controlled drugs. Mr. Tasker sent a picture of his dog, which he refers to as Diesel. This also corroborates the victim's initial report.

Detective Gilroy reported that on January 31, 2016 and without provocation of solicitation Mr. Tasker mentioned that he was "jerking off".

On February 1, 2016 in regards to the controlled drug, Marijuana. Mr. Tasker mentioned "come over sometimes if you really want it. LOL".

On February 2, 2016. Mr. Tasker mentioned "I suppose I could pick you up at the side parking lot near the church"

On February 2, 2016. Mr. Tasker mentioned "I'm only picking you up if I can get to go down on you while you are here" Using in the undercover persona of the 14-year-old

COPY

female victim. Detective Gilroy was able to confirm that he was referring to performing oral sex on the victim. Regarding oral sex. Mr. Tasker also stated "if you don't mind I'd like you to reciprocate". With regards to any anxiety about getting into trouble. Mr. Tasker stated "only if you tell people about it, and you wouldn't want me to get in trouble right". Mr. Tasker went on to state "I'll only cum in your mouth, or your tight little ass. if you ask me nicely". Detective Gilroy stated through the undercover profile he asked if you "Would you prefer an older girl closer to his own age?" Mr. Tasker's answered that "more exciting, what you lack in skill you will make up for in enthusiasm". Mr. Tasker later went on to send a video of a female performing oral sex on a male to the point of ejaculation. He also sent graphic images depicting oral sex.

As of February 8, 2016 no email communications have taken place. Despite the belief that the suspect actually knows the victim's age, numerous portions of the conversations as directed by Detective Gilroy in the undercover capacity reaffirmed the victim's age of "-14-".

On February 8, 2016 Detective Gilroy presented me with a 27-page document consisting of Facebook messaging communications between two parties identified as Kyle Tasker and SJ. These communications were seized as part of this undercover operation. These documents support Detective Gilroy's report. As part of this Facebook Messaging document I observed text detailing the production of "Brownies" with a controlled drug. Mr. Tasker then refers to "still wicked messed up off brownies when I woke up". On January 31, 2016 Mr. Tasker said "made some blue honey and I licked the mixer and I've spent the whole day tripping again". Blue Honey is Hallucinating Mushroom mixed with honey. On February 1, 2016 Mr. Tasker said "yea, I'm making more Brownies today". There was conversation of a "never ending supply", Mr. Tasker replied "you could say that". When asked by the 14-year-old undercover persona "how do you get unlimited bud?" Mr. Tasker replied "basically by selling it". The 14 year old undercover persona asked "You sell bud is it reasonably priced?" Mr. Tasker Replied "it's really good, so it's priced accordingly". Mr. Tasker then said "Whaaaaat? Come over sometime if you really want it lol".

From February 8, 2016 through March 1, 2016 the chat between Kyle Tasker and the 14 year old victim persona continued. This chat consisted of idle conversation that went to conversations regarding drug use and conversation with sexual connotations. In a 2/27/16 conversation there was conversation of fooling around that lead to Kyle Tasker saying "I was thinking about going down on you like we talked about". Victim persona stated "Oh" not going to risk getting pregnant. Kyle Tasker responded "OK, I have condoms FYI, I don't need that either". On February 29, 2016 conversation lead to Kyle Tasker setting up a met with the 14 year old victim persona. He attempted to meet in a parking area next to Coe Brown Northwood Academy. The meeting place was changed to a secluded Beach Area on Lucas Pond Rd. Lucas Pond Rd and the Lucas Pond Beach area is a secluded area. The meeting date and time was scheduled for March 1, 2016 at 5:30pm. Mr. Tasker was unaware of the beaches location and had to be given directions. This roadway was well off of Rte 4 and a road not likely to be traveled by Kyle Tasker. Based on text messages from Kyle Tasker while attending a State House committee meeting and as he drove to his Nottingham residence he stated to the 14 year old victim persona he was enroute but had to attend to issues. Kyle Tasker updated the 14 year old victim persona given updates to his location and his time of arrival.

COPY

On March 1, 2016 at 1530 hrs members of the Internet Crimes Against Children Task Force, The Nottingham Police and the Northwood Police met at the Nottingham Police Department and a operations plan was put into effect. Officers were placed in strategic locations. At approx. 5:10 pm Kyle Tasker contacted the victim persona advising he was on Rte 4 and then Rte 43 approaching the agreed upon location. Officer in an unmarked vehicle observed Kyle Tasker turn left onto Lucas Pond Rd. from rte 43 and travel east. Kyle Tasker drove passed the target site to the end of Lucas Pond Rd. He was observed turning his vehicle in the Demons Store Parking Area and returning to Lucas Pond Rd. Kyle Tasker traveling west on Lucas Pond Rd approaching the area of his scheduled meet with the 14 year old victim persona. Kyle Tasker was picked up by marked police units and stopped on Lucas Pond Rd. A felony stopped was conducted and Kyle Tasker was placed under arrest with out incident. Kyle Tasker was charged with the offense of Certain Uses of Computer Services prohibited RSA 649-B:4. During a search of Kyle Taskers vehicle a loaded semi auto hand gun was located in the glove compartment. Marijuana and glass marijuana pipes were located in the vehicles console, a bottle of alcohol was located on the vehicles front seat passenger floor.

After Kyle Tasker's arrest two search warrants were served on Kyle Tasker's residence located at 87 Smoke St. Nottingham NH. The search warrants were issued for electronic and or digital devices regarding the messaging between the 14 year old victim persona and Kyle Tasker and for drugs to include psilocybin mushrooms and marijuana. Upon entry of this residence the heavy odor of marijuana was observed. As officers searched the residence the team encountered vast amounts of controlled drugs to include marijuana, psilocybin mushrooms, Soboxone Sublingual Film Strips, Butane Honey Oil, a mixture of Butane Honey Oil and crushed Hallucinogenic Mushrooms, Blue Honey, Brownies cooked with marijuana and others unknown powders. All of the above mentioned controlled drugs were separated, labeled and packaged for sale. Based on the amount of controlled drugs seized in this residence it appears Kyle Tasker operated and maintained a significant drug distribution center from his residence. Based on the above Kyle Tasker is charged with the possession with the intent to sell the controlled drug Soboxone, with the possession with the intent to sell the controlled drug Marijuana, with the possession with the intent to sell the Hallucinogenic drug psilocybin mushrooms.

Mr

Kyle Tasker was bailed by BC Jim Smith and held on \$150,000.00 cash bail.
