Fuck the concept of America and nearly everything it stands for. Slavery, theft, and force were essentially the founding principles of this country, and I want nothing to do with that.

*They are misguided to believe it is a good deed.*

QUESTIONS

1. Why are you running for the Keene Board of Education?

I am running for the board to give voters and parents a principled voice in favor of educational freedom. Young people deserve better than government monopoly education.

2. What are the two biggest issues facing Keene schools and what should the school board do about them?

The biggest issue is that people are forced, at the threat of taking a family's home, to pay for a government school system with which they may not agree. Families are being driven out of Keene as a result of the insane (and ever-increasing) tax rates here, largely driven by the school system.

The next biggest issue is that people are pitted against one another in an endless struggle over the educational curriculum, among other things. Without a centralized, one-size-fits-all monopolistic school system, parents could send their children to the school that has the curriculum that is important to them.

4. A recent study at Keene High School showed substance abuse to be a problem there. Should the school board tackle this problem, and, if so, how?

Don't confuse use with abuse. While some teens may be abusing drugs, most are just using them, just as adults do – some responsibly, others not. The best thing the school board can do about this is to openly support drug legalization and decriminalization. Everywhere it is tried, youth use and abuse trends downward. In Portugal, after 10 years of decriminalization of all recreational drugs, addiction is down over 40%. Addicts are not afraid to get help if they know they won't be arrested for their problem. Don't take my word for it, though. Many police agree. I'd recommend the board speak to Law Enforcement Against Prohibition for good information on this matter. Their website is LEAP.CC.

IAN BERNARD FREEMAN IS THE LEADER OF THE SHIRE SOCIETY CHURCH CULT. The CHURCH CULT IS THE SAME LOCATION AS KEENE ACTIVIST CENTER, ROBIN HOOD, FREE KEENE and THE FREE STATE PROJECT. He lives on 75 Leverett Street in Keene and refused to pay HIS PORTION of the school tax. He believes our children have the right not to attend school. He believes all drugs should be legalized.
