May 22, 2015

Dear Parents/Guardians,

This letter is to inform you that your child was inadvertently caught on video this week and that video is now posted on-line. The video was taken by two people who were on school grounds without permission. While here, one of those people was videotaping himself and captured your child on tape in the process.

The video is posted to this website <http://freekeene.com/>. The school had no knowledge of the group's plan to be on school property that day or that they intended to film. The school has informed the local law enforcement agency of their actions and a plan has been developed to remove them should they return to the school grounds.

This is a violation of your child's privacy and because it happened on school property, we want to make sure you are aware of this video.

Sincerely,

*Linda Kalloger*  
LK
