

Cover Letter to NH Secretary of State

Greetings!

Today while updating my voter registration to change to Libertarian at the Keene City Clerk's office, I told clerk Patti Little that I wanted a notice attached to my voter registration. She refused to accept it, so I had them notarize my signature on it while I read it aloud on the record.

This was all being recorded by multiple devices present in the room, of which the office was aware.

I am including a copy of the notice here for your records. Please read and record it and acknowledge your actions by mail, thank you. You may also respond as invited in the notice.

Thank you.

Signed and mailed this _____ day of March, 2018.
