NEW HAMPSHIRE INDEPENDENCE

ABOUT US

The Foundation for New Hampshire Independence, an educational non-profit organization, believes that our state's future can be assured only by reclaiming our rightful status as a sovereign and independent nation. We promote New Hampshire's peaceful separation from the federal government through educational initiatives and the fostering of conversations between all New Hampshire citizens.

WHY INDEPENDENCE?

Once, New Hampshire and the United States shared the same interests and stood for the same values. Sadly, that time is past. Today, the government in Washington is one of warrantless searches, crushing taxation, and an insatiable appetite for power and control.

Together, we can reclaim our freedom by pursuing the one remedy capable of ending Federal abuses. It is a very practical remedy and a very American one. It is the remedy of total independence and peaceful separation.
