

Covid Carols

Composed by Captain Kickass, performed by the Shire Choir

Staying human is more important than living in fear. \$ Ditch the Muzzle \$ The Media is the Virus \$ Join The White Rose

1. Do You Fear What I Fear? ("Do You Hear What I Hear?")

Be the lion not a little lamb
Don't they seem like nazi's?

(Don't they seem like nazi's?)

We will not comply, understand?
Don't they seem like nazi's?

(Don't they seem like nazi's?)

Feathers and tar
Warning you tonight
We're prepared to bring you a fight
We're prepared to bring you a fight

Growing num-bers of the unemployed
Do you fear what I fear

(Do you fear what I fear)

Businesses throughout are destroyed
Do you fear what I fear

(Do you fear what I fear)

It's all gone wrong
Tankd economy
You're destroying our liberty
You're destroying our liberty

We've a governor thinking that he's king
He still hides from us though

(He still hides from us though)

Come and face us all mighty king
He still hides from us though

(He still hides from us though)

Your centralized
System has grown old
We'll transact in crypto and gold
We'll transact in crypto and gold

Say these words now people everywhere
I refuse to obey

(I refuse to obey)

Continued Above...

Repeat these words people everywhere
I refuse to obey

(I refuse to obey)

'Cause everyone
Sleeps somewhere at night
We're prepared to bring you a fight
We're prepared to bring you a fight
We're prepared to bring you a fight

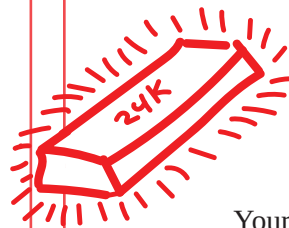

2. Close Down the World ("Joy to the World")

Close down the world! Covid has come;
We can't go do a thing!
Make every store, an empty room
Illegal to dance and sing,
Illegal to dance and sing,
Illegal, Illegal to dance and sing.

Close down the world! The State it reigns;
Their violence deployed!
Closed fields and bars,
no gatherings,
Delete the human joy,
Delete the human joy,
Delete, delete the human joy.

No more let them, take your control,
Thy sovereignty is found!
They come to take? You tell them NO!
Your independence found,
Your independence found,
Your freedom and independence, have been found.

They rule the world, it's in your face,
They've played us all like fools!
They mask it up, in righteousness,
Replace the state with love,
Replace the state with love,
Replace their violence with human love.

3. Little Lockdown Boy ("Little Dummer Boy")

Lies you told me
The lockdowns are dumb
Two weeks or maybe three
The lockdowns are dumb
The protest signs we bring
The lockdowns are dumb
Not taking your vaccine
The lockdowns are dumb
Lockdowns are dumb,
Lockdowns are dumb

So, we're warning him
The lockdowns are dumb
Here we come

Pretty crazy
The lockdowns are dumb
We're getting more poor too
The lockdowns are dumb
You need to lift this thing
The lockdowns are dumb
You sir are not a king
The lockdowns are dumb
Lockdowns are dumb,
Lockdowns are dumb

We will ignore you
The lockdowns are dumb
Very dumb

Poked and prodded
The lockdowns are dumb
You keep increasing time
The lockdowns are dumb
Banks will foreclose on him
The lockdowns are dumb
The outlook seems quite grim

Continued Above...

The lockdowns are dumb
Lockdowns are dumb,
Lockdowns are dumb

You won't violate me
The lockdowns are dumb
Really dumb
Reeeeeeally dumb

4. Sterile Little Christmas ("Merry Little Christmas")

Have yourself a sterile little Christmas
Under UV light
Disinfecting every little thing in sight

Have yourself a sterile little Christmas
Antiseptic spray
From now on your families shall be kept away

Outlawed are, all the olden days
Bleached out holidays, hard core
Precious friends, who are dear to us
Can be near to us, no more

Baseless fears won't let you get together
Even a small crowd
Infrared thermometers point at your brow
And have yourself a sterile little Christmas now

Mandates killed, all the olden ways
Stripped down holidays, abhor
Governments, should be fearing us
They're not hearing us, any more

Dangerous the family get together
States will not allow
Hanging politicians from the highest bough
And have yourself a sterile little Christmas... now
